

LUXEORGANIX Ingredients

Rejuvenating Argan Oil Shampoo

- Water
- Sodium Lauryl Sulfoacetate (Non-sulfate, derived from coconut & palm oils)
- Disodium Laureth Sulfosuccinate (Non-sulfate, anionic cleanser light foaming agent, gentle on skin & suitable for sensitive skin types; removes surface oil, does not penetrate hair or skin, making it safe for keratin treated hair)
- Sodium Lauroyl Sarcosinate (Non-sulfate, naturally made from coconut oil, derived from sarcosine, a natural amino acid)
- Cocamidopropylamine Oxide (Conditioning agent & surfactant derived from coconut oil)
- Sodium Cocoyl Isethionate (Gentle surfactant based on coconut fatty acids)
- Propylene Glycol (Non-toxic food grade propylene made up of fatty acids & organic gas)
- Sodium Lauroamphoacetate (Plant derived, biodegradable amphoteric surfactant)
- Argania Spinosa Kernel Oil (Argan Oil - deep penetrating, instantly absorbs into hair, produces shine, controls frizz, softens & aids in curl definition, conditions hair)
- Acrylates Copolymer (A stabilizer mostly used to add body, and protect hair from humidity)
- Glycol Stearate (Composed ethylene glycol and stearic acid, a naturally occurring fatty acid; Emulsifier, Surfactant)
- Silicone Quaternium-16 ("Smart Silicone" that enhances hair strengthening, making it less prone to damage and breakage)
- Sodium Methyl Cocoyl Taurate (Mild surfactant and foaming agent derived from the coconut fatty acid amide of N-methyltaurine)
- Lauryl Methyl Gluceth-10 Hydroxypropyldimonium Chloride (Antistatic humectant that helps retain moisture)
- Fragrance (Creamsicle)
- Panthenol (Form of Vitamin B5, penetrates through cuticle of hair, acts as a humectant that helps hair maintain moisture in the cortex & on the surface, leaving it more pliable, shinier, stronger and thicker)
- Guar Hydroxypropyltrimonium Chloride (Natural guar gum derivative; adds volume, conditions hair without build-up, smoothes & de-frizzes hair)
- Citric Acid (for pH balancing)
- PEG-55 Propylene Glycol Oleate (Organic non-drying alcohol skin conditioning agent, derived from fatty acids and organic gas; 0.1-0.3%)
- Undeceth-11 (Surfactant skin conditioning emulsifying emollient, provides slip without greasiness; 0.1-0.3%)
- Butyloctanol (Solvent, Humectant; 0.1-0.3%)
- Undeceth-5 (Surfactant, emulsifying agent; 0.1-0.3%)
- Polyquaternium-59 (UV absorber; protects hair, prevents color fade; Less than 0.1%)
- Butylene Glycol (Small organic alcohol used as solvent and conditioning agent; Less than 0.1%)
- Methylisothiazolinone (preservative less than 0.1%), used to prevent bacteria & fungi)
- Orange 4/CI 15510 (colorant less than 0.1%)
- Red 40/CI 16045 (colorant less than 0.1%)
- Limonene (scent ingredient and solvent naturally occurring in the rind of citrus fruit, provides light, fresh, and sweet citrus scent; less than 0.1%)
